Dear Phil:

It was kind of you and your Foundation colleagues to have prepared a special copy of "Strictly Ballroom" for Hillary and me. We look forward to seeing it, especially after hearing the wonderful reviews this recent Australian production has received.

I am sorry that we were unable to participate in your inaugural meeting of the Australian-American Leadership Foundation. I understand it was a great success and am pleased that you plan to continue this important dialogue.

Congratulations to you and the others who conceived and executed this program. Our two nations' special relationship cannot be taken for granted.

Sincerely,

*Bill Clinton*
